Professional Summary

Computer Science student specializing in Cyber Security with experience in React.js, Java, and software development. Skilled in building responsive web applications, integrating APIs, and solving technical problems. Seeking opportunities to contribute and grow in software development.

Work Experience

Software Development Intern

June 2026 – Present

Nax-d Cloudworks LLP

- Developed and enhanced a responsive Admin Dashboard using React.js, Tailwind CSS, and modern UI components, improving overall user experience and functionality.
- Implemented features such as user management, activity tracking, notifications, profile management, and security settings while collaborating with the development team.
- Integrated APIs, performed testing and debugging, and contributed to AI-powered feature development to improve application performance and scalability.

Secretary

June 2025 – April 2026

Helping Hands Group PCE

- Managed internal communication, documentation, and event scheduling, ensuring smooth coordination of organizational activities and events.
- Acted as a liaison between team leads and volunteers while maintaining official records, reports, and meeting documentation.

Projects

Admin Dashboard

- Developed a responsive Admin Dashboard using React.js and Tailwind CSS with modules for user management, notifications, activity logs, and security settings.
- Integrated APIs, dynamic data handling, search, pagination, and role-based access control.
- Built reusable components and responsive layouts to improve usability and maintainability.

Symptom Based Disease Prediction System

- Developed a machine learning-based disease prediction system using Python and healthcare datasets.
- Implemented data preprocessing, prediction logic, and result visualization through a user-friendly interface.

Education

Poornima College of Engineering, Jaipur

2023 – Present

B.Tech in CSE(Cyber Security)

CGPA: 7.97

Vivekanand Public Sr. Sec. School, Tonk

2021 – 2022

12th PCM

78.20%

Skills

Programming Languages

Java, Python

Frontend

React.js, HTML5, CSS3, Tailwind CSS

Backend

Node.js

Database

PostgreSQL

Tools

GitHub, VS Code

Core Concepts

OOPs, DBMS

Certifications

- Databricks Certified Data Engineer Associate Certification
- GenAI Powered Data Analytics Job Simulation
- NPTEL Online Certification (Elite)
